Straighten up and curl right.

Innovative design with cutting-edge ceramic heat technology offers twist and lift action for show-stopping style—from Red Carpet curls to relaxed waves and every ringlet in between.

★ No more wrist twist. The thumb-controlled barrel offers wrist-saving spin action with “Soft Touch” technology.

★ Shows delicate ends less tress stress by clamping and winding from the root. Insert a sigh of relief.

★ Heats up in a flash for long-lasting curls. The digital LCD temperature display gives you the green light.
