

LUXURY EMERGES →

There's a new world of ultraluxury on the Boston skyline, with the opening of **Emerge by Giuliano**, a five-story urban spa sanctuary on Newbury Street.

Emerge is for the sophisticated spa-goer who desires luxury, privacy, and elegance. You'll drink your chilled bottled water out of china, not plastic. And you certainly won't pour it yourself. Disappear behind the closed doors of an exclusive VIP suite, your own private hideaway for treatments. Lounge in a pedicure throne behind a privacy slider. Or sip a smoothie among the flora and fauna of the secluded roof garden (stone fireplaces inside warm you when the weather outside is less than ideal). Men have their own respite — a separate haven that lets them escape (hot lather shaves, pedicures, massages), but not too far (plasma TVs, laptops with WiFi, shoe shines).

Among the bamboo and moss greens (a delicate Asian influence), Emerge offers unparalleled services, including European Kur rituals; reiki, reflexology, and ear candling; massage, water therapy, and rejuvenating self-improvement treatments; and classic hair, skin, and nail care. The innovative on-site Mei Medical Spa, with its two fully licensed, board-certified plastic surgeons on staff, is the only one of its kind in the country.

Emerge by Giuliano is located at 275 Newbury St. To reserve an appointment call 617.437.0006 or visit the Web at emergespasalon.com. →
