

welcome to pūr-lisse!

The pūr-lisse promise is simple: preserve youth, protect beauty, prevent aging.

Thank you for joining me on this journey towards beautiful skin. I've always believed in showing your passion for life—whether it's through a genuine smile, a hearty laugh or a healthy glow. As a working actress, I found myself face-to-face with troubled and sensitive skin. Hollywood's harsh bright lights and heavy makeup were robbing me of this special radiance that I wanted to shine through. Lackluster and irritated, my skin started rejecting my typical skincare regimen, and I struggled to find products gentle enough to soothe and protect my sensitive skin.

After four years of researching and developing the perfect blend of skincare complexes for age prevention and sensitive skin nourishment, my personal quest to keep my skin "pure and smooth" led me to create "pūr-lisse."

French for those very words, pūr-lisse is an inspiration—time-tested Chinese beauty rituals from my family heritage married with modern French skin savvy. This perfect balance between nature and science creates the perfect nourishment for radiant, smooth-as-silk skin. By blending the skin-saving touches of Blue Lotus and White Tea into our unique, patent-pending Lotus Lupine complex, pūr-lisse products pamper skin while fighting the signs of aging. And without harsh ingredients such as parabens, petrochemicals, synthetic color/fragrance or animal by-products, it's simple beauty.

Since using pūr-lisse, I have rediscovered the glow that I had been missing all these years. I have seen the vitality and radiance in my complexion return, and I'm confident you will too. The entire line is a vision of how things should be—a confident way to live your life with simple and pure beauty. I know you'll enjoy using pūr-lisse as much as I enjoyed creating it.

Love beauty! Live beautifully!
